

STORMTECH SIZING CHART

BASED ON YOUR BODY MEASUREMENTS

WOMEN'S SIZING

To select the best size for you, please follow these simple steps:

- ① **Most important measurement:**
Take your Waist measurement at the narrowest point around your natural waistline.
- ② Take your Hip measurement at the fullest part of your body below the waist.
- ③ While standing, take your Inseam measurement from the crotch seam to the ankle bone on the inner part of your leg.

When measurements fall between two sizes:

The size selection should be based on fit preference: Select lower size for a closer to body fit or the larger size for a more relaxed fit. When in doubt, we strongly recommend ordering a size sample.
