

## SELECTING THE BEST SIZE FOR YOU

To determine the best size for you, please follow these steps:

- Take your Chest, Hip and Sleeve measurements following the Stormtech *How to Measure and Fit Guide*.
- Review your measurements against the Stormtech Sizing Chart selecting the size that best matches your measurements.
- If some measurements are in one size and the remainder are in another size, select the larger size.
- If you are on the borderline between two sizes, select the smaller size for a slimmer fit, or the larger size for a more relaxed fit.
- These measurements are general guidelines. When in doubt, we recommend ordering size samples to determine best accuracy.

View our  
***How To Measure  
and Fit Guide*** for  
more details on finding  
the perfect size
