- **Waist:** Find the natural crease of your waist by bending to one side. Run tape measure around your natural waistline, keeping one finger between the tape and your body for a comfortable fit.
- **Hips:** With feet together, run tape measure around the fullest part of your hips/seat, about 7 to 8 inches below your waistline.
- **Inseam:** For full-length pants, run tape measure along the inside of your leg, from just below the crotch, to about 1 inch below the ankle.
